What does she mean about the individual negotiating groups circling text?

Subject: Final CETA Text

Hi Karen,

Given that the CETA text has already been leaked, could we get a copy of the consolidated text with attachments (annexes, side letters etc.)?

I know that individual negotiating groups (e.g., GP etc.) are getting ready to circulate individual chapters/annexes, but it would be helpful for our AIT work to have a consolidated version, especially if the provinces will be given copies.

Thanks,

Trudy
